Dear Senator Clegg:

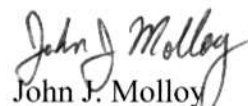

Re: Endorsement

It is with great pleasure that I take this opportunity to send you greetings on behalf of the National Vietnam & Gulf War Veterans Coalition. The Coalition is comprised of over 80 veterans organizations and veterans advocacy groups representing over 250,000 veterans and their family members totaling over 2 million voters nationwide. A brochure reflecting the Coalition's objectives and listing Coalition member organizations is enclosed for your reference. Coalition board member and New Hampshire state representative, Hon. Frank Emiro, enthusiastically supports you.

The Coalition board was recently polled and your action on veterans issues, and your position on issues pertaining to the security of the United States of America and the safety of its citizens, were evaluated. The board was quite impressed by your efforts on behalf of veterans in the State of New Hampshire, especially your efforts to restore full services to the Veterans Administration Hospital in Manchester. Based on your record, we are confident that your support of veterans issues will extend to the House of Representatives. Consequently, the board unanimously agreed to endorse your candidacy as a Representative from the State of New Hampshire to the Congress of the United States. We wish to express our appreciation to you for your willingness to support those who have answered our nation's call to duty. We request your future support for legislation pertaining to those issues relevant to the proper care, treatment and recognition of members of our armed forces and our veterans, the protection of our nation's borders and the defeat of those who seek to inflict harm on the United States of America.

We wish you success in your campaign and look forward to your service as a member of the United States House of Representatives. We shall seek your co-sponsorship, on behalf of veterans and members of our armed forces, on future legislation supported by the Coalition.

Sincerely,

John J. Molloy
Chairman
